What to Bring - Checklist

Welcome to Devon Dogs!

We're so excited to have you and your dog join us at our purpose-built training facility at **East Bowerland Farm**.

Whether you're here for learning, fun, or tackling a tricky challenge, you're in the right place.
Our training is **positive, practical and tailored to you**—because every dog (and human!) is different.

The majority of our training takes place either outside or in the foundation area.

For Your Dog

	Hungry dog	Bring your dog hungry so they are motivated to work for their food during training.
	Kibble	Bring part of your dog's daily food allowance to use during training.
	High value treats	Small, dry or hard treats your dog loves. Soft treats like cheese or chicken are not allowed on the astro turf but can be used outside and in the foundation area.
	Extra treats/food	Bring extra so you don't run out during training!
	Water bowl	For your dog to drink from.
	Toys (if your dog enjoys play)	Examples: tennis ball, tug toy, rope toy. Bring 2 if possible and ensure they are clean.
	Harness	Harness with front and back clip for training.
	Double ended lead	Preferred for training with harnesses. Single clip leads are fine. Retractable leads and chain leads are not allowed.

DEVON DOGS

More For Your Dog

	Towel	To dry your dog before entereing the arena.
	Bed and/or crate (not always necessary)	Dogs will remain in cars in between turns but we also recommend a bed or crate as an option. Bring a cover for your crate if you have one. Raised beds are ideal for clear boundaries.
	Mat/Large towel	Place under your crate or bed to catch dropped food.
	Shade/aluminet /fan/cooling equipment	If your dog will be resting in your car during warm weather. Aluminets are great for covering cars to help keep them cool.
	Event specific items	Check the event details for anything extra required (e.g. retrieve object or head collar).

For You

	Indoor shoes	If you are doing agility and training on the astro turf you will need clean indoor shoes. Outdoor shoes are not allowed on the astro turf.
	Waterproofs/ wellies	If training outdoors or weather is wet.
	Snacks/lunch	For longer workshops or training days.
	Travel mug	Tea and coffee will be available for drinks.
